Understanding the **New TADS Pricing Model**

TADS

The new TADS experience includes a modern Software as a Service (SaaS) pricing model designed around transparency and flexibility, giving schools greater control over costs and fee management.

A Simple Formula

Just two pricing components create a straightforward, predictable framework for schools.

Annual Subscription Cost + Per-Student Cost

Your School. Your Way.

The new pricing model gives schools complete control to set fees, align strategies with financial goals, support families, and help offset costs. Whether you want to maintain a familiar experience for families or take advantage of new flexibility, **the choice is yours.**

Keep It Consistent

We'll help configure your new fee settings to closely align with what families pay today. Fees will be paid directly to your school to help offset costs.

Make It Your Own

Use your new flexibility to create a fee strategy that aligns with your school's priorities, whether that's reducing costs for families, offsetting platform costs, or increasing revenue.

Calculate What's Possible.

Use our Cost Offset Calculator to explore different fee strategies and estimate how fee flexibility may offset platform costs.

VenturEd Solutions®

The New TADS Experience

Powered by modern payment technology, the new TADS experience gives schools increased visibility, flexibility, and control. With faster access to funds, enhanced reporting, and a simplified family experience schools gain modern tools to operate more efficiently.

Why Business Offices Love It

Faster Access to Funds
Get revenue faster with daily deposits and settlements.

Complete Fee Control
Configure family fees to match your policies and operational needs.

Greater Financial Visibility
Track payments, deposits, refunds, and adjustments in one place.

Why School Administrators Love it

Hands-on Control
Manage payments, refunds, credits, fees, and workflows with ease.

Enhanced Reporting
Access trends and insights to make informed decisions.

Flexible Configuration
Customize payment options, forms, and workflows to fit your school.

Why Families Love It

More Ways to Pay
Modern convenient payment options including Apple Pay and Google Pay.

A Simpler Experience
An easier, more streamlined payment experience.

Greater Transparency
Clear payment details and activity at their fingertips.

Get Ready for the 2027-28 School Year Now

All schools must transition to the New TADS Experience before opening their TADS modules for the 2027-28 school year. The transition includes signing an updated agreement and completing a simple configuration process to align the platform with your school's needs. **Contact subscriptions@venturedsolutions.com to get started.**
