

Taking Your School to the [Next Level]

TADS is the private school industry's only provider of integrated web-based tuition management, enrollment, financial aid and admissions with fully hosted and supported services. Our first-class experience, relationships and technology allow us to provide schools of all sizes with cost-effective innovative, customized products and services.

Integration from Inquiry to Fundraising

Whether your school uses one or all of our products, TADS helps reduce time and expenses by implementing a single, resilient system that shares information between products for fast, secure delivery of critical services, including:

Admissions & Enrollment It's about adaptation. The TADS system easily adapts to your needs, allowing families to efficiently meet your admissions and enrolment requirements. Personalized forms and online fee collection, combined with our premier document fulfillment and family follow-up services gives your school a modern system that families appreciate.

Financial Aid Assessment It's about time and accuracy. With over forty years of personalized financial aid assessment experience, TADS quickly provides a more complete picture of your applicants, allowing for more time with the families you serve.

Tuition & Billing Management It's about simplicity. Automated contract creation and distribution with friendly, extensive follow-up on late payments for you, and comprehensive billing and program payment details for your parents makes everyone's day easier.

The Cornerstone™ Suite It's about coverage and flexibility. The Cornerstone suite is comprised of several School Management System (SMS) modules that provide access and features for parents, teachers and administrators. It's the most comprehensive solution on the market for managing data throughout an entire school district or organization, allowing you to manage information for your school and fundraising needs. ►

SERVING SCHOOLS AND FAMILIES

Customer Service

Reap the benefits of our exceptional customer service and support departments. We work hard to provide exceptional service through all of our support channels including email, phone and live, real-time chat. Working with you and your families makes us great.

[Integrated & Standalone Services]

TADS products are all available individually or in any combination of services. Have an existing admissions module that you love? We'll integrate! Have an SIS that you work with already? Let us know and we'll set up data sharing.

Contact Lindsey at lindsey@tads.com or 800.477.8237 for a walkthrough of our system today!
