TADS Admission and Enrollment: Customized Solutions for Dioceses and Catholic Schools

Catholic schools and dioceses face the unique challenge of attracting and enrolling students who positively contribute to their school's culture and values, all while efficiently managing resources for a sustainable future. TADS Admission and Enrollment provides customized solutions for Catholic schools and dioceses to meet faith-based criteria while optimizing operations.

Our approach focuses on improving the experience for families and staff. We offer user-friendly online processes, a supportive team, and seamless movement between admission and enrollment. All necessary information is consolidated into a centralized system through streamlined document management and real-time data access. This setup ensures accessibility and informed decision-making.

Collaborative and Family-Centric

COLLABORATIVE IMPLEMENTATION

We collaborate with schools to craft personalized application setups. Our TADS team helps streamline admission and enrollment processes into an efficient electronic format—eliminating redundancies and implementing a modern, adaptable system. Plus, we will train you on your setup so you can easily make any necessary changes.

USER-FRIENDLY ADMISSION AND ENROLLMENT HUB

Applicants can inquire, apply, download, and submit required documents and pay fees online. Our intuitive interface for families speeds users through the processes. Plus, families can apply anytime online.

MULTI-LINGUAL SUPPORT

Recognizing the importance of providing various language options, TADS supports families in both English and Spanish. This fosters engagement with students and families from diverse backgrounds.

UNIFIED FEE MANAGEMENT

With TADS, you can manage an unlimited number and types of fees and credits in one place. Schools can roll specific fees over to tuition accounts.

RELIABLE SUPPORT

Families or school administrators can email us anytime, call Monday-Friday, or visit our online knowledge base for help navigating the TADS system and answering frequently asked questions.

Simplifying Documentation Across Schools and Dioceses

CENTRALIZED DOCUMENT SUBMISSION

Our centralized document submission provides families and schools security, efficiency, and practicality in uploading all necessary forms. Simply upload a PDF and indicate the grade levels that require the form. Then, TADS automatically fills in available applicant details on the document to simplify completion before applicants submit their forms to TADS.

ACCESSIBLE ACCOUNT HISTORY

With all admission and enrollment information housed in one system, schools can quickly and easily look up full account details anytime.

PERSONALIZED DOCUMENT ASSISTANCE

The dedicated TADS support team engages directly with families, ensuring comprehensive assistance in gathering required information and offering personalized and friendly support throughout the process.

CLOUD-POWERED EFFICIENCY

With a cloud-based system, schools no longer have to maintain endless paperwork. All critical information is stored securely in one central location for easy access by families or school staff. Plus, families can upload or fax all supporting documentation directly to TADS.

Dynamic Insights to Connect Data Trends

INSIGHTFUL VISUAL REPORTING

TADS reports are presented in customizable dashboards, making data easier to pull, view, and interpret.

TARGETED OUTREACH

Tailor your outreach and communication efforts with census reports. TADS enables schools to pull precise censuses to identify and connect with families in specific zip codes.

INSTANT DATA UPDATES

Data is recorded in real time, meaning you always have the most up-to-date information. Schools can pull data into reports to gain insight into demographics, application status, enrollment, and admissions numbers. Schools can also forecast gaps in enrollment and proactively plan growth campaigns using data insights.

> " With TADS, the transfer of information, such as an address or contact, is automatic from module to module. Everything communicates. It just works together. Whether the topic is billing, projections, budgeting, or communicating with families, the information is all there, and it's seamless.
