Educate®

Educate: The Next Generation Student Information System (SIS)

Putting People First with a Better SIS Experience

Educate delivers a smarter SIS built for the unique needs of private and independent K–12 schools. Designed for flexibility, simplicity, and connection, it helps schools strengthen relationships with families, streamline daily operations, and make confident, data-informed decisions. Whether managing a single campus or a multi-school network, Educate scales to fit your structure with built-in support for district and diocesan models.

Key Features:

REAL-TIME FAMILY COMMUNICATION

Reach families quickly and on their terms.

Send personalized texts, emails, and phone calls to individuals or your full school community using customizable templates. Built-in tracking tools let you monitor message performance, manage replies in one place, and ensure no update goes unnoticed.

COMPREHENSIVE SUPPORT

Get fast answers from experts who know your school.

Our U.S.-based Educate team is available Monday through Friday, 7:00 a.m. - 5:00 p.m. CT, ready to support your staff and help you get the most out of the system.

CUSTOMIZED GRADING EXPERIENCE

Support your grading model—traditional, standards-based, or both.

Educate's flexible gradebook adapts to your approach. It's easy to configure, intuitive for teachers, and delivers clear, consistent insights for families.

DYNAMIC REPORTING TOOLS

Turn daily activity into actionable insights.

Educate offers powerful reporting for every user—from quick classroom views to custom administrative reports. Teachers can access attendance and assignments at a glance, while leaders use drag-and-drop tools to build, save, and share detailed reports with full control over format and filters.

VenturEd Solutions™

Integrate Your Systems. Eliminate Manual Work.

ENROLLMENT SUITE

Educate integrates seamlessly with TADS Admissions and Enrollment, creating a unified student record that follows each applicant from inquiry through enrollment and beyond. Data flows smoothly between systems with no duplicate entry or disconnects, ensuring a consistent experience for both families and staff.

GOOGLE CLASSROOM

Keep assignments and grades synced automatically between Google Classroom and Educate—no double entry needed.

Educate helps schools work smarter by combining ease of use, powerful functionality, and integrated systems—simplifying school management and improving the experience for teachers, administrators, and families alike.

Streamline Your School, Connect Your Community, & Empower Excellence
